ALL-WOMAN JURY FREES LIQUOR OWNER

Defense Was That "Evidence" Was Not Proved Intoxicating.

SUNNYSHIE, Wash, March S.-Noah energy charged with unlawful possesmy of intustrating limin. 's free tomy following his ampution is referring b. what is believed to have Guen the Statela first all woman jury to sit in fudgment in a liquor case Mrs. P. C. Mct'redic, former President of the Washington Federation of Women's Time, headed the furt.
Yeager's defense was that the liquor and In his possession had not been

proved intoxicating.

March 2, floundering in mountainous sens and with the smoke being literally snatched out of her funnels a sleet laden gale, the Estonia was making four and one-half knots an ceivers to his ears, idly listening

through the ether. S O S call. Intently he listened as the wireless operator on the Grontoft told, rapidly, almost incoherently, how the vessel had become unmantude 41.30 west. The Grontoft, her wireless said, was doomed and haste in rendering ald was imperative.

In two minutes Capt. Gorgenser to Hansen, "that we are on the way

From the bridge Capt. Gorgensen sent orders to the engine room to speed up. Soon passengers and crew felt the shivering from the racing of the screw as the ship was lifted high Concourse, and being caught there by astern and slid nose first down the Mrs. Gerson, who is twenty-one years, sloping sides of the waves. The Estonia was on a new course, crossof dand only 5 feet 3 inches tall, but ing the wind and heading straight for cossessed of great determination and 48.6 N. 41.70 W.

Hansen, listening, found that the It happened that Mrs. Gerson's SOS had been heard afar, He noti-

sage. He said the men were getting there was little chance that a small boat could live in the heaving sea. He asked that the Estonia be hurried along Capt. Gorgensen ordered more

steam and more speed, but the Esonia could not do much better than eight knots in the storm. Waves swept her decks continually and someimes when the full force of the wind caned against her she went over so for seconds at a time, that she would iever straighten up again.

Hansen caught a message from the Frontoff at 12.10 o'clock that was like a whisper. The wireless man on he freighter reported that the main ower plant had falled and he was vorking with his auxiliary.

"The boats were smashed," came faintly to Hansen. "Some of the men went overboard. We are almost wash now. I may be driven out any ninute. Hurry! You may not hear rom me again.

They did not hear from him again: At 410 o'clock the Estonia was at 48.66 N., 41.30 W. There was nothng in sight but tumbling waves and gray nky. "The sea that afternoon," said Capt. Gergensen to-day, "was a col-

lection of whiripools.
"When the Groatoft went down there was wreckage left on the sur-face, undoubtedly, but it didn't remain long in that spot. A floating
